

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : FW-23854

Stream : Little Calumet River

Applicant : *Indiana Department of Transportation
Richard Phillabaum
100 North Senate Avenue, Room N642
Indianapolis, IN 46204-2216

Description : The I-80/I-94 reconstruction project at the I-65 interchange will involve the interchange and associated structures. Fill and a retaining wall will be placed on the structures that carry I-65 over the Little Calumet River. The existing I-80/I-94 crossing over Deep River will be replaced with two parallel, prestressed, concrete beam, three span bridges with overall span lengths of 205'. The total out-to-out width of both bridges will be 264.5'. The bridges will be skewed 45 degrees to align with the stream channel. The bridges are estimated to have waterway openings equal to or greater than the existing structures. The in-channel work will be limited work necessary for placement of piers, pilings and/or footings, shaping of spill slopes, riprap, and geotextiles. It is anticipated that in-channel work will extend 30' upstream and 20' down stream of the structures. Low water work will be limited to the extension of piers, abutments, and placement of riprap. The amount of fill material below the ordinary high water mark will be 1200 cubic yards of revetment riprap, 85 cubic yards of concrete for the pier footings, and 1290 cubic yards of footing excavation backfill. Details of the project are contained in information and plans received at the Division of Water on May 26, 2006.

Location : Beginning 0.2 miles east of Georgia Street and extending to 0.8 miles east of Clay Street. The total project length is 2.84 miles. The structure carrying I-80/I-94 over Deep River is located 0.4 miles east of the crossing point for the proposed I-65 and I-80/I94 interchange
DOWNSTREAM: near Gary, Calumet Township, Lake County
NE¼, NE¼, SE¼, Section 14, T 36N, R 8W, Gary Quadrangle
Quad Code: 4108753
UTM Coordinates: Downstream 4602279 North, 475118 East

30 Day Public Notice Report

Application # : PL-20492

Lake : Lake Wawasee

Applicant : Thomas C Keller
12169 N. Chicksaw Drive
Syracuse, IN 46567

Nancy J Swank
12169 N. Chicksaw Drive
Syracuse, IN 46567

Description : A new seawall will be constructed across 84' of the 84' frontage of the applicant along Lake Wawasee channel to deter shoreline erosion. The wall will consist of poured in place concrete which will be sloped on the lakeward side. It will be 48" high and will vary uniformly in thickness from 13" to 30" from the base to the top. The lakeward face of the wall will be at the legal shoreline. Details of the project are contained in information and plans received at the Division of Water on June 30, 2006.

Location : Lot 146 Johnson Bay Sd.; West Side of Johnson Bay on Lake Wawasee channel near Syracuse, Turkey Creek Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20495

Lake : Lake Wawasee

Applicant : Albert K Wimmer
12157 N. Chickasaw Dr
Syracuse, IN 46567

Description : A new seawall will be constructed across 83' of the 83' frontage of the applicant along Lake Wawasee to deter shoreline erosion. The wall will consist of poured in place concrete which will be sloped on the lakeward side. It will be 48" high and will vary uniformly in thickness from 13" to 30" from the base to the top. The lakeward face of the wall will be located along the lake's legal/average normal shoreline. Details of the project are contained in information and plans received electronically at the Division of Water on July 3, 2006.

Location : West Side of Johnson Bay on Lake Wawasee. Near the town of Syracuse, Indiana. In Turkey Creek Township, in Kosciusko County. Legal Description: 007-043-016. B Lot 147 Johnson Bay Sd. near Syracuse, Turkey Creek Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

30 Day Public Notice Report

Application # : PL-20496

Lake : Sawmill Lake

Applicant : William E Zirkle
109 EMS B42 Lane
Leesburg, IN 46538

Description : A new seawall will be constructed across 50' of the 50' frontage of the applicant along Sawmill Lake to deter shoreline erosion. The wall will consist of poured in place concrete which (will be sloped) on the lakeward side. It will be 48 inches high and will vary uniformly in thickness from 13 inches to 30 inches from the base to the top. The lakeward face of the wall will be legal shoreline. Details of the project are contained in information received electronically at the Division of Water on July 3, 2006.

Location : North side of Sawmill lake, near the town of North Webster, Indiana. In Tippecanoe township and in Kosciusko County. Legal Description: 005-083-264 Lots 27, 28, 29 Pfeiffer Veach Add & Pt Vac Rdwy
Near North Webster, Tippecanoe Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20497

Lake : Tippecanoe Lake

Applicant : Kenneth Maxfield
106 EMS T 17 A Lane and Lot # (40A)
Leesburg, IN 46538-9573

Description : An existing poured in place concrete seawall will be refaced across a portion of the 100ft frontage of the applicant on Tippecanoe Lake to prevent deterioration. The refacing will consist of poured in place concrete which will be tied to the existing wall with 1/2 inch rerod. The refacing will have a maximum thickness of 12 inches and will be sloped on the lakeward side. A inch 36 wide concrete walkway will be constructed on top and landward of the lakeward face of the refaced wall. Details of the project are contained in information received electronically at the Division of Water on July 3, 2006.

Location : South side of Tippecanoe Lake near the town of Oswego, Indiana. In Tippecanoe Township in Kosciusko County. Legal Description: 005-069-046. FA Lot 4 Wildwood Isle.
Near Oswego, Tippecanoe Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

30 Day Public Notice Report

Application # : PL-20500

Lake : Webster Lake

Applicant : Aaron C. Crouch
15 EMS W17c Lane
North Webster, IN 46555

Description : An existing 30ft wide, 110ft long channel off Webster Lake will be restored to its original condition to prevent injury, revive fish spawning area, allow navigation by small watercraft, and allow dead animals and other organic debris to flow through without getting caught. Approximately 3ft of accumulated muck and debris will be removed from the channel bed by dredging to a depth of approx. 4ft below the legal level of the lake at the center of the channel and sloping uniformly to a depth of approx. 3ft at the shoreline. The excavated material will be transported to an upland containment area for dewatering and disposal. Water from the containment area will not be allowed to return to the lake. Details of the project are contained in information received electronically at the Division of Water on July 5, 2006.

Location : Southeast corner of lake beginning approx. 3 miles east of State Rd. 13. Project is located on the south end of Hiner Island on the east side of Webster Lake starting at the bridge connecting to Hiner Island and ranging approx. 110' west in channel between Hinder Island and south shore of channel near North Webster, Tippecanoe Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
